

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is the kind of thing is a threat to American democracy.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. It would truly be a sad day if Sinclair could dictate the content of the public airways. This is the kind of thing that used to be done in the Soviet Union, and is done by autocratic regimes all over the world. Is the U.S. now to join in this reprehensible practice?

Please do everything in your power to prevent this from happening.
